

7 RACE SERIES

MEMBERSHIP

Membership of the 7 Race Series is offered to drivers, friends and corporate partners. For the race driver this can be on the basis of a full season membership, or on an event by event basis. However, full membership does provide a superior range of benefits to the driver.

The subscription costs do provide an income stream to support the day to day operation of the series and in turn provides drivers with benefits as shown below:

Membership priority will be to drivers and teams that have previously supported 7 Race Series events and those drivers will be given the opportunity to register with the Series prior to others. For the 2017 season full '10 event season' membership will be limited to 46 full places, based on the smallest 'maximum grid size' for the events listed. Membership for ad-hoc entries will be limited by the remaining available grid spaces.

Corporate membership gives business partners the prospect of a reward based incentive for key staff members to attend race events and the opportunity to utilise social and business networks within the Series. Equally if a bespoke event is required then please do not hesitate to contact the 7 Race Series coordinator. In addition to membership there are opportunities for brand exposure on the racecars, corporate clothing and hospitality areas. For more details please contact the 7 Race Series.
